WASHINGTON, D.C. 20301

Attachment to INC-MM-293 4 February 1972

3 February 1972

U-81118/DIS

MEMONANDUM FOR THE CHAIRMAN, UNITED STATES INTERLIGENCE BOARD

SUBJECT: Closure of the Information Science Center

References: a. DCI Memorandum to SecDef, subject: "Establishment of Training Courses at the Defense Intelligence School in Application of Information Science Technology to Intelligence," 25 March 1967.

- b. SecDef Memorandum to the Director, DIA, subject: "Training of Intelligence Personnel in Information Science Technology," 13 June 1967.
- 1. References a and b above, requested the Director, DIA, among other things, to develop specialized courses at the Defense Intelligence School for applying information science techniques to specific categories of intelligence problems. An Information Science Center (ISC) was accordingly set up within DIS for this purpose on 26 December 1967.
- 2. Due to drastic DoD budgetary cuts and heavy reduction in resources currently being sustained by this agency, DMA will no longer be able to continue the ISC mission. Accordingly, it will be necessary to close the ISC by 30 June 1972. The classes now in session will be the last ones presented by the Center.

3. If the intelligence community wishes to give full support to the ; isc, DIA can arrange to provide space for classrooms and aculty of iggs;;; towever, DIA can no hencer provide funds or personnel.

JAMMIE M. PHILPOTT Lieutenant General, USAF Deputy Director Approved For Release 2002/08/28: CIA-RDP78-062074600100040036-4

STAT

Lieutenant General J. M. Philipott, USAF Deputy Director, Defense Intelligence Agency The Pentagon Washington, D. C. 20301

Dear General Philpott:

This letter responds to your memorandum of 3 February to the Chairman, United States intelligence Board which stated that DIA could not continue full financial and personnel support to the Information in Science Center after 30 June 1972. CIA does desire to take advantage of the statement in your memorandum amplified in your conversations? With _______ indicating that space (buildings T-4 and T-42), utilities, computer support (access to DIAOL System, use of existing terminals including associated cryptographic devices, modems, and maintenance), guard and char services, building maintenance and necessary furnishings would continue to be available for an on-going training effort in Information Science. We would like to conduct the various courses pending determination of longer range requirements and a more permanent solution.

Preliminary contact has been made and unless you desire otherwise we propose to begin immediately the further discussions necessary to establish this interim CIA-managed training capability.

Sincerely,

. W. E. Colby Executive Director-Comptroller.
